Good afternoon:

Because the 3D modeling information has not yet been made available to DNR or REI, tomorrow's call would be of limited value. We still have our regularly scheduled monthly call at 8 AM on May 25 on the calendar. I hope that the requested information can be shared far enough in advance that we can have a discussion of monitoring well locations and depths at that time.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Chris Saari
